Affinity Gel-Rabbit anti Pan Malonyl-Lysine mAb

Catalog No.: A26884 1 Publications

Basic Information

Observed MW

Calculated MW

Category
Monoclonal Antibody

Applications
IP

Cross-Reactivity
Human,Mouse,Rat,Other (Wide Range Predicted)

Conjugate
Affinity Gel

Background

The lysine residue in proteins can undergo to many types of PTMs, such as methylation, acetylation, biotinylation, ubiquitination, ubiquitin-like modifications,propionylation and butyrylation, then leading to the remarkable complexity of PTM networks. Malonylation is a posttranslational modification (PTM) where a Malonyl group is added to a Lys (K) residue of a protein molecule. It has been shown that the lysine Malonylation responses to different physiological conditions and is evolutional conserved.

Recommended Dilutions

IP	30ul antibody (bead slurry) for 200μg-400μg extracts of whole cells

Immunogen Information

Gene ID

Swiss Prot

Immunogen
Synthetic peptide. This information is considered to be commercially sensitive.

Synonyms
Pan Malonyl-Lysine

Contact

www.abclonal.com

Product Information

Source
Rabbit

Isotype
IgG

Purification
Affinity purification

Storage
Store at -20℃
