# ABclonal®

## MMP28 Rabbit pAb

Catalog No.: A2764

## **Basic Information**

#### **Observed MW**

Refer to figures

#### **Calculated MW**

59kDa

## Category

Polyclonal Antibody

## **Applications**

WB

## **Cross-Reactivity**

Human, Mouse, Rat

## **Background**

Proteins of the matrix metalloproteinase (MMP) family are involved in the breakdown of extracellular matrix for both normal physiological processes, such as embryonic development, reproduction and tissue remodeling, and disease processes, such as asthma and metastasis. This gene encodes a secreted enzyme that degrades casein. Its expression pattern suggests that it plays a role in tissue homeostasis and in wound repair. Alternative splicing of this gene results in multiple transcript variants.

## **Recommended Dilutions**

WB

1:500 - 1:2000

## **Immunogen Information**

**Gene ID** 79148

**Swiss Prot** 

Q9H239

## **Immunogen**

Recombinant protein (or fragment). This information is considered to be commercially sensitive.

## **Synonyms**

MM28; MMP25; MMP-25; MMP-28; EPILYSIN; MMP28

## **Product Information**

Source

Isotype

**Purification** 

Rabbit

IgG

Affinity purification

## Storage

Store at -20°C. Avoid freeze / thaw cycles.

Buffer: PBS with 0.02% sodium azide,50% glycerol,pH7.3.
