DACH1 Rabbit pAb

Catalog No.: A3823 **1 Publications**

Basic Information

Observed MW
Refer to figures

Calculated MW
79kDa

Category
Polyclonal Antibody

Applications
WB,ELISA

Cross-Reactivity
Human,Mouse,Rat

Background

This gene encodes a chromatin-associated protein that associates with other DNA-binding transcription factors to regulate gene expression and cell fate determination during development. The protein contains a Ski domain that is highly conserved from Drosophila to human. Expression of this gene is lost in some forms of metastatic cancer, and is correlated with poor prognosis. Multiple transcript variants encoding different isoforms have been found for this gene.

Recommended Dilutions

WB	1:200 - 1:2000
ELISA	Recommended starting concentration is 1 μg/mL. Please optimize the concentration based on your specific assay requirements.

Immunogen Information

Gene ID
1602

Swiss Prot
Q9UI36

Immunogen
Recombinant protein (or fragment).This information is considered to be commercially sensitive.

Synonyms
DACH; DACH1

Product Information

Source
Rabbit

Isotype
IgG

Purification
Affinity purification

Storage
Store at -20℃
