

A9604

Leader in Biomolecular Solutions for Life Science

## DGKB Rabbit pAb

Catalog No.: A9604

### Basic Information

#### Observed MW

Refer to figures

#### Calculated MW

91kDa

#### Category

Polyclonal Antibody

#### Applications

WB

#### Cross-Reactivity

Human, Mouse

### Background

Diacylglycerol kinases (DGKs) are regulators of the intracellular concentration of the second messenger diacylglycerol (DAG) and thus play a key role in cellular processes. Nine mammalian isotypes have been identified, which are encoded by separate genes. Mammalian DGK isozymes contain a conserved catalytic (kinase) domain and a cysteine-rich domain (CRD). The protein encoded by this gene is a diacylglycerol kinase, beta isotype. Several alternatively spliced transcript variants encoding different isoforms have been found for this gene.

### Recommended Dilutions

WB 1:500 - 1:1000

### Immunogen Information

#### Gene ID

1607

#### Swiss Prot

Q9Y6T7

#### Immunogen

Synthetic peptide. This information is considered to be commercially sensitive.

#### Synonyms

DGK; DAGK2; DGK-BETA; DGKB

### Contact

[www.abclonal.com](http://www.abclonal.com)

### Product Information

#### Source

Rabbit

#### Isotype

IgG

#### Purification

Affinity purification

#### Storage

Store at 4°C. Avoid freeze / thaw cycles.

Buffer: PBS with 0.02% sodium azide, pH 7.3.
